

REMARKS

Applicants respectfully request that the foregoing amendments be made prior to examination of the present application.

In the specification, paragraphs have been amended in order to insert the priority claim and the SEQ ID NOS.

Claims 1 – 24 and 38 - 122 are requested to be cancelled.

Claims 27 – 33, 123 - 124 and 126 - 128 are currently being amended.

This amendment adds, changes and/or deletes claims in this application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claim(s) remain under examination in the application, is presented, with an appropriate defined status identifier. The amendments to the claims are made to eliminate multiple dependencies and do not change the scope of the invention.

After amending the claims as set forth above, claims 25 – 37 and 123 - 128 are now pending in this application.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

Respectfully submitted,
